

MOTHER!

Clean Child's Bowels with
"California Fig Syrup"

Even a sick child loves the "fruit" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today, saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. Advertisement.

12,700 PARCELS
OF D. C. LAND ON
AUCTION BLOCKDistrict Will Collect Delinquent
Taxes Tomorrow With Aid
of Hammer.

Approximately 12,700 parcels of land in the District of Columbia will be placed on sale tomorrow for delinquent taxes.

Sales will be held each day this week, beginning tomorrow. The first block will be parcels in squares 1 to 699, inclusive. On Wednesday they will be in squares 701 to 1,999, inclusive; Thursday, squares 2,000 to 2,999, inclusive; Friday, squares 3,001 to 5,999, inclusive; and on Saturday, squares 6,001 to 12,700, inclusive.

The property must bring at least the amount of tax due, together with penalties and costs.

The total tax due on the 12,700 parcels is approximately \$300,000. The amount is greater than usual, due to the fact that the rate of tax for last year was \$1.95 as against the original tax of \$1.50. The present rate is \$1.82.

A penalty of 10 per cent will be chargeable against all properties on the delinquent list and 50 cents for advertising each lot. The taxes involved are those which were due on June 30, 1921, the end of the last fiscal year.

The property may be redeemed within two years from date of sale on payment of the tax and penalties at the office of the Tax Collector in the District building.

AMERICANS PLAN TO BUY
VAST AREA IN MEXICO

An American syndicate has negotiated with the governor of Chihuahua, Mexico, for the purpose of improvement of 6,000,000 acres of land, American Consul Stewart today informed the Commerce Department.

American interests participating in the deal already have obtained an option to purchase the Terrazas ranch properties, all in the State of Chihuahua. Consul Stewart said the purpose of the syndicate is to subdivide the land into small farms for lease or sale.

CONFEDERATE VETS' CHIEF
SAID TO BE NEAR DEATH

DURHAM, N. C., March 13.—Fears were expressed today as to whether Gen. Julian S. Carr, commander-in-chief of the United Confederate Veterans, who has been confined to his bed with influenza for the past three weeks, would recover. The general had a relapse Friday night, with continued high fever Saturday and Sunday. Friends at the bedside said his condition was grave.

Mrs. Brunen Tells of Auto
Which Sped Away After
Shot Was Fired.

MOUNT HOLLY, N. J., March 13.—While the murder of John T. ("Honest John") Brunen, circus owner, in his home at Riverside on Friday night is still a baffling mystery, detectives today reported progress on the case.

Mrs. Brunen, widow of the slain man, gave the case a new turn when she told detectives that she had seen a touring car in front of her home about the time her husband was shot and that this machine sped away immediately after the fatal shot was fired.

Although Brunen had two alert watchdogs, neither even barked as the murderer sneaked up to the window and fired the fatal shot at close range.

Mrs. Brunen's story of the touring car makes three automobiles now under investigation, which were seen near the house about the time of the shooting.

The daughter, Hazel Brunen Parkston, was at the movies at the time her father was shot. Her marriage to William Parkston, a lion tamer formerly connected with Brunen's circus, was annulled by action of her father. Parkston has been questioned at Perth Amboy, where he was the night of the slaying, but could throw no light on the case.

RUMOR OF EX-KAISER'S
DEATH PROVES FALLACY

LONDON, March 13.—A rumor that the former German kaiser is dead has been officially denied by the Dutch government, said a Central News dispatch from Amsterdam this afternoon.

The rumor of the ex-emperor's death was not circulated in the United States, although evidently it was in Holland.

ENGRAVER ENDS
HALF A CENTURY
IN U. S. SERVICEChief of Hydrographic Office Is
Honored by Many
Friends.

John A. Waddey, chief engraver in the hydrographic office of the Navy Department, on Saturday rounded off fifty years of Government service. In recognition of his long service Mr. Waddey today was the recipient of many floral tokens from fellow workers and was congratulated by many high officials of the department.

Mr. Waddey is sixty-nine years old and lives in the Goodwin apartments, 1417 Park road. He is a native of Washington and was educated in Georgetown College, studying the engraving business in the shop of William E. Dougal, of Georgetown.

When nineteen years old Mr. Waddey went in the hydrographic office and became the assistant to Charles E. Birch, chief engraver. There were seven men then in the office, while today there are 180. Nine years ago Mr. Waddey was appointed chief engraver.

Associated with Mr. Waddey are ten men who have each averaged thirty years in the hydrographic office, where navigation charts of the world are engraved. When Mr. Waddey went into the office there were only twelve engraved charts against the 1,500 now on file.

Mr. Waddey is in the best of health. He attributes his good physical condition to daily long walks. He seldom rides to his office.

BARTLETT IS SWORN IN
AS FIRST AIDE TO WORK

John H. Bartlett, former governor of New Hampshire and civil service commissioner, was this morning sworn in as First Assistant Postmaster General, to succeed Postmaster General Hubert Work.

The oath of office was administered in the First Assistant's office by Commissioner George R. Wales, of the civil service commission. All of the higher officials of the department and many of the employees filled the office and the corridor outside.

The new First Assistant's desk was banked high with letters. Color bearers from Edward Douglas White Post, American Legion, unfurled the standard presented to them by Governor Bartlett during his term of office as civil service commissioner.

This is Governor Bartlett's second period of service with the Postoffice Department, as he was postmaster at Portsmouth, N. H., during the administrations of Presidents McKinley and Roosevelt.

ARMY AND NAVY OFFICERS
PRESIDE AT COMMUNION

The communion service of the Cleveland Park Congregational Church was conducted yesterday by Colonel Axton, of the army, and Captain Scott, of the navy, before the largest congregation that ever attended the church. Both are members of the church.

It is the first time in history that the religious heads of these two branches have officiated jointly over the communion table. Major General Farnsworth, chief of infantry, was present.

MEDBURY

Says with All These La suits Going On a Man
Will Soon Have to Know a Girl Two or
Three Days Before He Kisses Her.

Every now and then we read about some girl who sues a man for \$50,000 because he stole a kiss. It's not right to call it burglary because she was right there when he took it.

She sued him because he kissed her twice, but he claims he was only giving the first one back.

If a kiss is worth \$50,000 no wonder so many men spend \$10 and get married.

Times are certainly getting terrible. Pretty soon a man will have to know a girl two or three days before he kisses her.

No wonder so many men never kiss their wives. They don't want to get dragged into court.

Some of the men who get sued for \$50,000 dollars are married. Just think, they could have spent 10 cents car fare and gone home and gotten all the kisses they wanted for nothing.

Stolen kisses are the sweetest, but they're also the most expensive.

Fifty thousand is a big sum of money for one kiss. A lot of girls would be glad to give you one for \$25,000.

One girl said she was injured because she was saving her kisses for a husband, but she didn't say whose husband.

Whenever one of these cases comes to trial, every man in town wants to do jury duty.

You can't blame a man for wanting to find out what a \$50,000 kiss is like.

One dame went to trial and after she kissed the jury they decided that she owed the guy \$50,000.

A man is foolish to pay such big money for kisses when there are so many girls giving them away. Pretty soon before we kiss a girl we'll want her to sign a release.

INGROWN TOE NAIL

How to Toughen Skin so Nail
Turns Out Itself

A few crops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail that it cannot penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Advertisement.

A fellow likes to go out with a girl, but he doesn't like to take his lawyer along with him.

You're in Heaven in the evening and in court in the morning.

There's an old saying: "You can catch more flies with molasses than you can with vinegar." But it doesn't say anything about catching fish with a lip stick.

It doesn't cost a man anything to be in love as long as he doesn't kiss strangers.

ALL DRUGGISTSSALTS IF KIDNEYS
OR BLADDER BOTHER

Harmless to Flush Kidneys and
neutralize irritating
acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
